Chaymae AZZI

Future Computer Systems Engineer

Aspiring Computer Systems Engineer, skilled in both front-end and back-end development. With hands-on experience in React.js, Django, Laravel, SpringBoot, and MySQL, I design full-stack applications—from intuitive user interfaces to robust data persistence. Versatile and passionate, I aim to contribute to innovative end-to-end projects that make a real impact.

German - *Basics*

EDUCATION

SUPMTI, Oujda, *2024 - present*
Engineering Cycle - Computer Systems Engineering

SUPMTI, Oujda, *2023 - 2024*
Bachelor's Degree – Computer Systems Engineering

Centre Mixte - OFPPT, Oujda, *2021- 2023*
Specialized Technician Diploma – Full Stack Web Digital Development

MOHAMMED PREMIER University, Oujda, *2019 - 2020*
Bachelor's Degree – English Studies, Linguistics

MOHAMMED PREMIER University, Oujda, *2017 - 2019*
DEUG – English Studies

Zaitoun High School, El Aioun, *2016 - 2017*
Baccalaureate – Physics, Honors

CERTIFICATES

CISCO, *2025*
Introduction to Data Science

SUPMTI, *2024*
Certificate of Active Participation in the Soft Skills Workshop

MICROSOFT, *2020*
Microsoft Office Expert Certification (Excel 2016, Word 2016)

EXPERIENCES

Mugs Atelier, End-of-Year Project - *2024*
Full stack development: React.js (front) + Django (back)
MySQL database and management via Jira.

BuildFolio, Academic Project – *2024*
Portfolio generator: React (front) + SpringBoot (back)
Data persistence in MySQL.

Contactly, Academic Project - *2024*
CRM application built with Symfony.
Development of CRUD operations and user authentication.

Faragroupe - Front-End Developer, Summer Internship - *2024*
Implementation of the front-end part of an e-commerce site (React and TypeScript)
Collaboration with back-end (Symfony) for API integration.

Platform (SANLAM), End-of-Studies Internship - *2023*
Front-end development with React.js and back-end with Laravel.
Integration of MySQL database and testing with Postman.
Secure management of insured data.
